### Background Information:

- As part of the ESSER III grant requirements, a district who receives ESSER III funds is required to periodically review and if needed revise the Use of Funds Plan and the Return to In-Person and Continuity of Services Plan.
- The district is also required to provide stakeholders an opportunity to provide input regarding these plans when reviewed.
- The district distributed a survey via school messenger, social media, and the district website to collect feedback from stakeholders on the Use of Funds Plan and the Safe Return to In-Person and Continuity of Services Plan.
- The updated Return to In-Person and Continuity of Services plan is available on the district website in English and Spanish and the Use of Funds plan will also be updated and posted to the website. Both plans have been updated to include stakeholder feedback and comply with any updated CDC or TEA requirements.
- The uses of the ESSER III funds are limited to a one-time grant; at the end of the two-year grant cycle and the one-year carryover period, the funding will cease.
